- Reflective tape available upon request

AHJ approved in many cities / counties / campuses for use in fire lanes per International Fire Code (IFC) 503

SS2 Head

Patented break-away design allows instant emergency access without a key. This unit can be pushed over with the bumper of a vehicle.

Two sided locking pin available upon request (allows two separate parties entrance).

EZ Base may be cast in place (no tripping hazard) or installed in epoxy filled holes.

Shallow installation depth is great for use in parking decks, over shallow utilities or rocks, in foundations or anywhere minimal ground penetration is required.
